Hi Emma

I have had a word with my manager and registered the file. It is valid with the floor plans and elevations submitted of the orangery. Please accept my apologies for requesting the additional floor plans and elevations to include the existing property.

I have backdated the file to Monday 19th, when we received the location plan and measurements required for validation.

However, the plans showing the proposal attached to the property will be very useful to assist the planning officer to make a decision on the file and I will attach them to the file when you send them to me.

Your acknowledgement letter will follow.

Kind regards,

Karen Garner

Hello Miss K Garner

Hello ref letter dated 16th March please see attached Location plan and block plan as it is now and how it will be.

The answers to question 4

The height of the eaves will be 2.2 metres

And there is no existing extension on the property and the proposed will be on the original rear wall.

I need some help with the other part you have asked for I have left a message. I did not think I needed to do this as general permitted development.

Many Thanks

Emma Aylen
