Dear Sarah,

Please see attached comments of our ecologist. I have clarified with our ecologist that she is requesting that your ecologist contacts her to discuss. Please have your ecologist use [REDACTED] in the first instance.

She has added that "Natural England specifically required a precautionary approach to be taken with working hours over the winter. As an experienced bat ecologist I understand their concerns and would like the applicant's ecologist to explain why they don't think this would be a risk to Barbastelle bats but if other condition secured lighting requirements, what advantage in practical terms would this offer the developer."

Please can you discuss with your ecologist.
