EH comments in relation to AL/38/18/PL

Having now evaluated the proposed development and formulated my conclusions I would state that based on the requirements of the NPPF and NPPG, this development falls into category 2 (below):

1. **No comments**
2. ~~Conditions or Informatives requested~~
3. ~~Refusal recommended~~

I therefore only put forward the following;

Informatives

1. The granting of this planning permission does not in any way indemnify against statutory nuisance (artificial lighting et al) action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received.
