Simon,

Ahead of tomorrow's Development Control Committee can I let you know that as part of my deputation I'll be asking the Committee that Condition 3 re drainage is reworded to require the submission, agreement and implementation of the drainage provisions ahead of first use of the additional car parking, rather than prior to commencement of development. We have of course already submitted details, though as yet not approved by Laura Gibbons.

The Gospel Hall Trustees are keen to get on with the preparation of the additional parking while the dry weather lasts and to get the parking ready before the wetter winter months. If they have to submit a DoC application for the drainage they reckon they'll run out of time to do this.

Robin.
