For the attention of Mr Andrew Avery

Dear Sir

Re: AL/39/18/A

We write with regard to the fascia lettering on the gable end of the show house at The Furlongs. As the sign is only partially visible to prospective buyers from the site entry drive we feel it is of little or no use. It would serve the seller better if sited on the side of the second show house (the four bed property).

The said sign, where currently situated, has an unnecessary impact on the rear of homes of existing neighbours. We feel this retrospective application is a precalculated way of playing the odds with no regard for local people.

It would restore our faith in the system and Arun Council if this retrospective application is rejected and an order made to remove the offending signage with immediate effect.

Yours sincerely

Barry Williams
