Further to the letter for the above application we write to respond to the points raised in the same order as follows:-

Completed CIL form attached.

Application form has been amended and reference number is PP-09676267

The container measurements are in metric. 20/40ft container is just the name for the container as it is a universal name known across the world.

I have attached the noise data for the plant. Please note that this will be in a sealed container so noise is expected to be minimal.

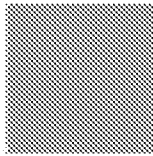

We trust this is satisfactory and that the application can now be registered.

Regards
