about asgard

Asgard® Secure Steel Storage is a division of Flexiform Business Furniture Limited, a leading supplier of steel storage systems for over 40 years. Asgard® can draw on a wealth of metal fabrication experience with a long history of engineering and manufacturing excellence.

As a business Asgard® are ISO 14001 (environmentally approved) and 9001 (quality assured) accredited as well as UKAS accredited and 18001 registered. With an unrivalled reputation for quality and innovation you can be sure of our long term commitment to supplying quality products. Our extensive range of metal storage has been reviewed and tested by leading independent industry publications -- many of our storage units are Police approved. Insurance approved and UK Locksmith approved. Our gas bottle storage is the only Calor gas approved system available. Asgard's® reputation is built on quality UK manufacturing -- all of our products are designed and manufactured in Yorkshire, and are made from heavy, galvanised (weatherproof) steel, featuring integral metal floors*, vented roofs and high quality locking systems.

customer services

Help and advice is always at hand. Asgard® have a team of Yorkshire-based customer service operators available with help and advice for all of our products and services. We also operate an online Live Chat service for instant online advice.

We offer a free nationwide delivery service**, using our own installation teams for your convenience. All of our products are delivered by our own employees, on our own vehicles across the UK. Each of our sheds have been designed to be self-assembled with a minimum amount of tools, however a convenient installation service is available through our own fully trained installation teams. Installation can be carried out as part of the delivery service.

Customer Services Opening Hours

Monday--Thursday: 8.30am--4.30pm

Friday: 8.30am--3.30pm, Weekend: Closed

asgard features

WHY METAL AND NOT WOOD?

One of the most common questions Asgard® get asked is "why should I buy metal when it will just rust? Why should I not buy a cheaper, wooden shed?" All Asgard® sheds are made from thick, galvanised (weatherproof) steel and coated in a polyester powder coat paint. This combination of processes makes the steel not only weatherproof but exceptionally tough and durable. Asgard® use only zinc coated (rust resistant) screws for assembling our sheds, for a better quality fixing and long life.

WEIGHT

Good quality metal sheds are heavy. Asgard® sheds are made from thick steel and include an integral metal base**, so an Asgard® shed is very heavy! With weight comes quality and security, our sheds can weigh over 60 stone** so you can be sure of strength and security. You can choose to fix your unit to the floor using our (included) ground fixing kits, giving you the maximum security for your tools and equipment. On average our units are 5 times heavier than the equivalent sized product from other companies.

SECURITY

Our metal shed has a metal roof and metal doors. A wooden shed is weak in comparison and can be simply "kicked" in. An Asgard® unit has integral stiffeners, internal shoot bolts**, double-folded joints, hidden fixings, integral all-metal floors, pick-resistant locks and ground anchor points. Add to this our internal roof clips** and you really have the maximum security possible. Many Asgard® units have been approved by the UK Locksmiths Association or are LPCB rated to level 1 and Police approved (Secured by Design).

MAINTENANCE

Other than a periodic wipe down and lightly oiling the hinges, Asgard® units are virtually maintenance free. Unlike wooden sheds, no annual felling of the roof, repainting, rotten panels, leaks or doors blown off in the wind.

WARRANTY

All Asgard® storage are covered by a 10 year anti-perforation warranty*, giving you the confidence that your Asgard® unit will provide you with many years of secure storage. Please note handles are not covered in the warranty as they are designed to shear off in an attempted break in.

KEY FEATURES

01. **Galvanised Steel** - made from tough, galvanised steel making all of our sheds secure and weatherproof.
02. **Low Maintenance** - Asgard® all metal sheds require very little maintenance, giving years of trouble free storage.
03. **10 Year Warranty*** - supplied as standard.
04. **No Exposed Screws** - no exposed external fixings or sharp edges making Asgard® sheds both secure and safe.
05. **Easy Assembly** - simple step-by-step instructions for easy home assembly (an installation service is also available).
06. **Pick-and-Drill Resistant Locks**** - fitted to most Asgard® storage units to provide the best possible security.
07. **Unique Shed Ventilation** - a unique shed ventilation system helps maintain air flow inside even when the unit is locked, so minimises the build up of condensation inside the unit.
08. **Accessories** - pre-drilled for a range of storage accessory packs including shelving, hooks, wooden subfloors and more.
09. **Integral Metal Floor** - adds strength and stability to the units providing even more security.
10. **Approved Storage** - Asgard® storage is UK Locksmith approved, Insurance approved, Police approved, and industry approved!
11. **Made in the UK** - designed and made right here in the UK.

*Excludes hinges (10 year warranty) and locks (10 months)

**Models may vary

tried and tested

Asgard® sheds are industry leaders, our sheds have been truly tried and tested by the public, professional athletes (including GB team cyclists Helen Scott, Elinor Barker, Victoria Barnes (née Williamson), Ellie Dickinson, Laura and Jason Kenny!), cycling fanatics, industry magazines as well as leading national newspapers and TV series¹.
