Subject: RE: Planning Consultation on: AL/45/18/PL

GTR are a company that has long been established in the district and Economic Development have been working with GTR to try to accommodate their growth requirements for some time.

GTR are a very important component of the Arun economy, not just for the number of people they employ but also for the high technical quality of their products which requires skilled labour. For all of these reasons Economic Development remain very supportive of GTR expanding their facilities as soon as possible and would support this application.
