Subject: FW: SUB PLAN REQUEST - AL/46/20/PL Wings Nursery

Dear Megan,

Please see attached further ecology comments. As you will see, we require prior to determination the submission of a mitigation strategy detailing the timings of the works, temporary roosting sites, methodology of the works, roost restoration post development and post development monitoring and safeguarding. It would be helpful and tie everything together if this also covered the precautionary approach to Tree T7.

Kind Regards

Simon J Davis MRTPI
