Contact

Dear Ms Libiszewska,

Southern Water – Your build rates and occupation information
Site Name: Land at SRC Recycling, Eastergate, Chichester, West Sussex, PO20 3RU.

We are contacting you to request information which is required by Southern Water in order to prepare for the connection of your development site (as listed above), to our public sewer network.

In April 2018, water companies in England published their new connection charges (part of the charges are also known as the infrastructure charge). A copy of the Southern Water New Connection Charging Document is available on our website: [southernwater.co.uk/media/4599/new-connections-services-charging-arrangements-21_22.pdf](https://www.southernwater.co.uk/media/4599/new-connections-services-charging-arrangements-21_22.pdf)

Under the new charging rules, our customers can connect to the closest point of connection, to a pipe of equivalent size or greater. If any reinforcement to the public sewer network is required to enable your connection, this will be provided through the new infrastructure charge. It will take time for us to provide any such network reinforcement. To enable us to plan for this, we require some information.

Action request:

Please provide the details of your anticipated occupation dates and build out rate for the site listed above. This information will support us in planning the required works across our region in readiness for your site to be occupied. If we do not receive this information about the site, we may not be able to progress with the work required to prepare for the connection of your site and your development program. Please note this does not constitute a discharge of any pre-commencement condition that may be attached to your planning consent.

Please provide the information in the form below and email this back to us as soon as possible, to the following address: SouthernWaterPlanning@southernwater.co.uk.
