**Subject:** New Planning App Consultation Ref AL/50/13

Dear Catherine,

I'm not sure who best to write to on this one but I've just sent a consultation across Ref AL/50/13 The Old Barn, Arundel Road – "Change of use of land for the siting of second mobile home for Travelling Show Persons (resubmission following AL/117/12/).".

I just wanted to make it clear that I'm not consulting on the basis of flood risk but rather that the applicant includes a "Biodisc" Foul Treatment Plant in the application (we had previously asked for foul details on a condition on the previous approval). Our Engineers have flagged up that the applicant may require consent from the EA in respect of the FTP hence my consultation to the EA.

Can you make sure this is directed to the appropriate/receiving officer (if not yourself)

Kind Regards
