Subject: Land west of Fontwell Avenue.

We wish to make further objections to Planning Applications AL/50/18/PL and AL/67/18/PL.

These applications have been active since April and June respectively.

The Planning Officer has indicated in his email to the applicant on 13th July, that the applications must be withdrawn or they will be refused. They have not yet been withdrawn or refused. I brought this to your attention one month ago, in my 'further letter of objection' on 24th September. They have still not been withdrawn or refused. Why is this? Is it because the planning officer is going to change his mind? Why is this applicant receiving preferential treatment?

David and Susan Smith.
