Comment from Greenspace

Further to submission of drawing No 215818, I would advise that the information is **not sufficient** enough in detail. As it does not contain in plan from species choice, planting densities or size at time of planting. The detail which shows shrubs and hedgerow and bund with mixed planting needs to be more specific in order to be able to assess if the proposals are fitting for location. I would **not recommend the discharge of Condition 7 Landscaping** on this application AL/52/19/DOC imposed under planning approval AL/116/18/PL until this information is submitted for approval.
