Hi Simon

Further to receipt of revised drawing Proposed Dwelling Landscape Plan 315818 L02 rev D I can advise that the detail is now sufficient in plan form with proposed planting species, actual quantities, planting density and size at time of planting. The detail proposes Laurel hedging which as it establishes and is maintained over time will provide in evergreen form suitable screening, hedge divide and frontage to these development proposals.

I would now recommend the discharge of Condition 7 on this application AL/52/19/DOC

Hi Sue,

Hopefully this is now acceptable?

Rose – copied to you as they have also amended the hardstanding to reflect what was approved by the drainage condition
