Subject: Nyton House, Nyton oad, Nyton - CIL Form 6 requirement

Good morning,

We have received Discharge of Condition approval (under ref AL/58/22/DOC) for the above permitted work at Nyton House (ref AL/42/19/PL). This initial permission – dating back to 2019 – did not require submission of CIL forms and as such does therefore not require submission of the Commencement Form 6.

However, we currently have a separate detailed application which is running under ref AL/56/22/PL and which does require the submission of the Additional Questions and Liability Forms (forms 1 & 2). Given that the submission falls under CIL Zone 3 – Zero rated, is the applicant still required to submit the Commencement Form 6 prior to works starting on site?

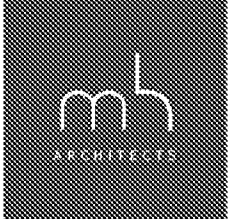

Your urgent confirmation and clarification would be greatly appreciated. Works in association with the earlier permitted application, having now received the pre-commencement condition approval, are due to begin imminently, whilst we await the approval of the currently running detailed application under which CIL forms have been submitted. I attach those forms to this email for your ease of reference.

I look forward to hearing from you.

Kind regards
