Survey carried out using GPS to establish control stations combined with Total Station methods for detail & levels
Grid relates to Ordnance Survey National Grid

Species of trees must be confirmed by a qualified arboriculturist before any design work takes place

Spreads of trees shown as average

Notes:

Do not scale from document, all dimensions to be checked on site.

The measured survey displayed on the page does not form part of a structural survey. Whilst we have taken every care to measure the property, we have not measured any areas that are hidden or concealed or where reasonable access is unavailable.

No assumptions should be made to both the construction type or material of any detail on the plans.
