Hi Simon,

Having re-read the architect's email to me, he stated:

"To help support our response I attach some of the original submission drawings together with two new sheets intended to supplement the Design and Access statement. These include a new sketch perspective showing the relationship of the communal gardens to the houses and some precedent images from similar developed proposals."

Dear Alex,

Just to check, the Addendum to the DAS seems to be a new document but as far as I can tell, we have had the other two plans already. Is this also your understanding.

Kind Regards
