Dear Alex,

Sorry for not replying to your emails, it is hectic here. I have allocated some time this week to start working on my officer report. I am afraid that the recommendation will still be refusal and this will be on (a) design grounds and (b) on the lack of a signed S.106 – being as a result of your objection to the WSCC Highways strategic highways contribution. I would hope that the decision could be issued by the end of the week.

Kind Regards

Simon,

Happy New Year and trust you had a relaxing break.

I was just writing to understand where we are currently taking matters.

Just before Christmas I sent you through some additional information on layout/design/landscaping. I assume that this is being reviewed internally and we are awaiting further comments?

I just wanted to make sure that I can keep my client updated.

Additionally, I noted that the site remains in the HELAA (Nov 2018) with a positive "recommendation" to see it developed for residential.

I look forward to hearing from you.
