

West Sussex Fire Response

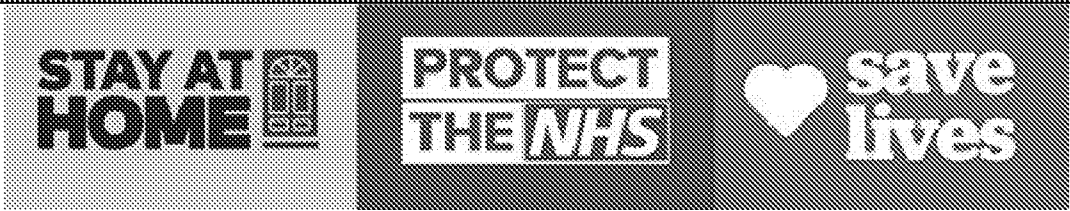

Hi Simon

Having checked our records I can confirm that we have already agreed with Portsmouth Water to install a fire hydrant at the location you have given in your previous email and I can therefore agree to the condition.

I will make Ian aware of this correspondence when he is back from leave.

Regards

Julie

Hi, Thanks.

I have a planning condition which states that *“Prior to the occupation of any dwelling, details of a fire hydrant, its connection to a water supply which is appropriate in terms of both pressure and volume for the purposes of firefighting together with its maintenance, or a suitable, alternative arrangement, shall be submitted to and approved in writing by the local planning authority. The development shall be carried out in accordance with the approved details, and the hydrant, or the alternative arrangement, shall be retained thereafter.”*

I need to know whether the detail as supplied (as provided on my previous email) is sufficient to agree the condition.

If there is no one else available then it may be possible to wait for Ian's return but I will need to agree that with my manager.

Dear Simon

Ian Stocks is currently on leave until 21st September. He is the only person who deals with conditions in Water and Access.

Could you explain exactly what it is you are asking and I will see if anyone else in Protection i.e. Fire Safety Team can help you.

If they can't then I am afraid the reply will have to wait until Ian is back from leave.

Kind regards

Julie

Dear Ian,

I am chasing a consultation request concerning Application AL/57/20/DOC Land To South and West Of Barnside and East of Pond, Hook Lane, Aldingbourne. I sent it on 13/08/20 to worthingdistrictoffice@westsussex.gov.uk which I assume is the correct address. We need your advice re the discharge of the fire hydrant condition and I need to make a decision on this by next Wednesday so could you provide your comments please.

Thanks
