Dear Sarah,

Now that the revised DOCS are in, can you withdraw AL/57/22/DOC and AL/103/22/DOC please.

I have Teams messaged Engineers today to request that AL/14/22/DOC retains the same queue position as AL/57.

I determined the fire hydrant condition under AL/106/22/DOC yesterday. I know I said I would attribute the consult response to the new one but admin issued WSCC with a new consult and I forgot to let them know not to respond. The system is telling me that they have responded on AL/117/22/DOC already but their response is not visible yet. All being well, I should be able to issue this today/tomorrow when I have seen the response.

Simon.
