Hi Simon

Attached us the extended ditch survey for inclusion on the condition application. Our drainage engineer is now incorporating this into his drainage design drawings which will be issued shortly after discussions with Laura and Paul about further changes.

Hi Simon

Attached is the survey I submitted before. Sorry our guy is going out today to carry the survey out further down to the inlet pipe to next door site as requested on the drainage comments. I should be able to email this across by the end of the week. I just needed to get this application running again for the tree condition as my client is getting serious hassle from the funder about works not progressing.

Dear Philip,

I have just looked through the submission and it appears that almost everything that we raised issue with previously has now been provided. However, I cannot see any survey drawings for the ditch as required by condition 15? Is this to follow?

Kind Regards
