Comment from Greenspace

Further to the submission of dwg 'Substitute 4/4/18 site plan with landscape 17-01-101 P5'; we would recommend that the information submitted is sufficient in detail, containing species choice and planting density and being suitable for location and that we would recommend that we have no objections to the proposals submitted under reserved matters application AL/5/18/RES following consent under AL/75/14/OUT.
