Rose,
There has been extensive discussion with Rachel on landscaping for the above.

The initial discussions with Rachel were extensive and centred around the Council's requirements at various points along the western boundary. Please see the emails below with Rachel.

We have also identified that the scheme is capable of being implemented by our client.

We have been asked at this stage by our client, and probably quite rightly so, about the cost of implementing the scheme agreed with Rachel.

I am sure that Rachel will be able to verify the formative stages identified above.

The aim is to get the plan to you as soon as possible.

Regards,

Eamonn
