Hi Simon/Rose

I think we are there! I have reviewed the plan this week and the attached Rev G Plan has been received today in response to my comments – see below. I understand this will be submitted formally but wanted to let you know there has been communication and that I am happy to sign it off when it comes in. I am on leave next week so it may be waiting for me on my return....

Regards
Rachel

Hi Eamonn

I have just quickly reviewed the planting mix at Section 3 in more detail. I would prefer that the Pinus is 30% of the mix just to give that extra degree of evergreen screening and reduce the Quercus to 20%. Otherwise yes I am happy to sign this off taking on board my comments below.

Regards
Rachel
