Simon,
Thanks for this email.

I have already responded to your previous email.

The objections are noted and the suggestion that a landscape plan be provided.

Please note that my client is agreeable to the extension as per your suggestion. I would rather go to the committee with all concerns raised fully dealt with, which I believe we can do.

By the way, we did not provide elevations, but did submit cross sections which we considered more helpful.

Regards,

Eamonn

Hi Eamonn,

Thanks for your voice message, I have replied to the resident on that basis.

I have today received an objection from the Parish Council (attached) so if we wish to approve this, it will need to go to Committee with the next available one being the 28th October. Please can you therefore agree an Extension of Time until 30/10/20. I also have an objection from the SDNPA on grounds of landscape impact and I have chased our Landscape Officer (Rachel Alderson) for her own view.

I have not been onto the site to look at the chalets and as you have not provided any elevations, I wonder if you can share some site photos? If you are able to do this, please note that I will have to put these on our public website so please avoid faces and reg plates etc

Kind Regards

Simon J Davis MRTPI
