Simon,

We have already discussed this amongst the applicant group and I was hoping to update you before you contacted me.

The lighting details are being assembled and I have some material on that already. I have also indicated that the parking needs to be laid out and marked as permitted. I have indicated that there will need to be photographic evidence that the spaces are as permitted. The period for submission of details for each we understand is 2 months.

Regarding the landscaping, James Cole amongst the applicant group, is the main contact there and we are currently preparing a landscape drawing to correct the previously refused scheme.

I will give you an update next week on all three items.

Regards,

Eamonn

Dear Eamonn,

Hope you are well.

Can you give me an update as regards compliance with condition 04 of AL/61/20/PL which requires a lighting details submission by the 28th December 2020. I also note condition 03 requires the parking spaces to be laid & marked out by the same date (but no submission of details is required). It would also be useful to get an update regarding the landscaping condition 06 from AL/47/14/PL.

I look forward to hearing from you.
