Dear Dan

Thank you for your time just now on the phone.

Please see below the email I referred about the proposed floorspace use and attachments. I would be grateful if these can be placed on the electronic file and also referenced in your letter of response.

Kind regards,
Peter

Hi Maria,

Thank you for this.

I have attached the plans which detail the proposed use of the floorspace, I hope this clarifies things for you.

The school use is existing, the proposal seeks to enhance this use. The school was originally permitted under reference: AL/60/14/PL.

The conversion of the garage is an extension to the floorspace of the established school use. This will be used as a Dining and Kitchen area at ground floor, with therapy rooms at first floor. The dwellinghouse itself will remain primarily within its C3 Use Class, however, an area of the ground floor is sought to convert to Class E ancillary office space to the school use. This office area will not be used by students, but by admin staff associated with the school.

Please give me a call to discuss this, my mobile number is 07557511112.

Kind regards,

Zac

Zac,

I have a such an impression that not enough information was provided; only reading DAS it came out that it involve an increase in Number of staff and pupils (10) and from the context it is not clear which building is School when I did the research I could find only Amicus Community with no reference on Specific School.

I would like to understand more what is going on when the school was approved (reference).....

Kind regards

Maria
