The Local Highways Authority (LHA) have reviewed the Construction Environmental Management Plan (CEMP) and would provide the following comments:

The LHA would be satisfied with the proposed CMS subject to the applicant adhering to the following:

- Schedule site deliveries outside times of peak traffic volume. This should be 08.00-09.00 am and 16.00 to 17.00.
- Ensuring that deliveries to site are kept to their allocated time slots.
- Avoid contractor parking in residential streets surrounding the site. Car sharing should be encouraged by the contractor to help lower the number of vehicles travelling to the site
- All loaded vehicles leaving site must be sheeted.
- Ensure that there are designated walkways on and around site.
