Engineers Comments Regarding Surface Water Drainage

Under normal circumstances, for an extension of this size within the Lidsey Treatment Catchment we would request the application of PCENG2. However, given that the site is not connected to the mains foul drainage network, (which said condition seeks to protect in Lidsey) the application of this condition seems onerous. Therefore, due to the scale, location and type of application we have no conditions to request. Any alterations to surface water drainage must be designed and constructed in accordance with building regulations.

Kind Regards,

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. Off Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for off site infrastructure mitigation schemes. Therefore if this proposal triggers the need for off site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.

Should you have any comments to make, these should be sent by replying to this email by 18th September 2020. You can also monitor the progress of this application through the Council web site:
