Dear Natalie,

Please see attached comments received today. As you will read, there is currently an objection but it is expected that this can be overcome with the submission of further information and minor refinements.

I really need these within a week to 10 days so that there is time to re-consult with Mark before a decision.

Kind Regards

Hi Simon,

Further to the submission of the above application with a revised layout of the 9 no. houses specifically designed in response to previous comments by Mark in relation to tree protection I would be grateful if you could provide us with some initial feedback in terms of the proposals.

Should you require anything further please contact me.

Kind regards,
Natalie
