Response to Planning Application

From: Arun District Council Greenspace

Date: 05/08/2021

Application ref: AL/66/21/PL

Description: 1 No new dwelling & detached hydrotherapy pool house along with associated external works & creation of 1 No additional vehicular entrance

Location: 1 No. 4 bedroom detached dwelling with a detached 3 bay garage (2 open bays and 1 enclosed), associated foul field drain, storm soakaway, new front boundary treatment, roof mounted PV & Ground Source Heat pump System (resubmission following AL/32/19/PL). This site is in CIL Zone 3 and is CIL Liable as new dwelling.

Determining Authority: Arun DC

Summary recommendation: I would recommend no landscape objection to the proposals subject to subsequent submission of landscape details.

Comments

Relevant landscape designations:

This site is within an area of existing residential development.

There are no physical, visual, historical or cultural links, protected landscapes, scheduled ancient monuments, listed buildings, conservation area or Historic Parks or Gardens associated with this site.

Response

This will be a CIL liable development

As this is a small development of 1 new dwelling there will be no requirement for onsite POS, Play facilities or offsite contributions.

The NPPF para 124/127 relate to good design principles which equally apply to small infill and replacement development. The indicative site layouts and tree protection plans has made reference to indicative planting alongside tree retention. These details would require expanding in the form of a detailed planting plan and specification detailing species choice, actual plant quantities, planting densities and size at time of planting.

Impact

The potential impact of the proposals could be blended into the surrounding environment with further thought given to the landscape offer and greening to counteract this.

Mitigation/requirements

Landscape provision to the dwelling and improvement with native species infill plus further boundary screening as required. All proposed planting should be considered and its connection for biodiversity and habitat explored, with a biodiversity net gain following development. Trees specified should be at a size which allow instant impact, but which will establish and mature as the site develops.

In line with Policy ENV DM5 of the Arun District Local Plan information on Biodiversity Net Gain will need to be provided. Further information would be required demonstrating what will be included within the scheme and what level of net gain will be created.

Recommendation/Conclusion

I would recommend no landscape objection to the proposals subject to submission of landscape details to provide ornamental and native improvements and biodiversity gain.

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. "Off" Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for "off" site infrastructure mitigation schemes. Therefore if this proposal triggers the need for "off" site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.
