Dear Simon,

At the parish council meeting on 5th November we discussed in detail the above application.

It was agreed by majority vote that a new 24 month temporary permission would be acceptable without the application being heard at Committee should you consider this an acceptable course of action in determination of the application.

Kind regards,

Chris

Dear Mr Batten,

Having now read the objection in full, and noting that a Parish Council objection requires that an application be taken to planning committee where the recommendation differs from the objection, I wonder if I was to approve the application with a new 24 month temporary permission, would you still require this to be heard at Committee? I note that your comments suggest that such a route would be acceptable.

Kind Regards
