Dear Sir or Madam

Objection to Planning Application – AL/70/20/PL

Site Address – West Barn, Old Dairy Lane, Norton

Description of Works – ‘Residential Mews consisting of 6 No dwellings.

We are writing to register our objection to the above development being granted planning permission based on the following points.

Norton lane is a narrow residential rural lane with no street lights, pavements and a 20mph speed limit unsuitable for this level of development and additional traffic movements.

The area is a conservation area with traditional flint and stone properties located around.

Access to Norton Lane from the North end is via a sharp turning off the A27 and the reverse is into fast moving traffic.

The access to the site is via a very narrow entrance which will present problems with large vehicles trying to enter causing obstruction in the lane.

We hope you will consider our objections when making your decision on this application.
