Dear Mr Baeza

I have noted Bruce Tauntons comments relating to the The Old Stables, Old Dairy Lane, Norton AL/72/12, and I would like to respond as follows:-

The stable doors were retained and the existing doorways have been filled and no windows have been put in underneath the existing stable doors. Indeed the internal walls have been lined with vertical timber studwork, with rigid insulation boards fitted in between and covered internally with plasterboard and decorated. The stable doors are fixed in place and are thereby purely visually aesthetic, maintaining the visual principle of the old stables.

The construction works are clearly outlined within the submitted Structural Appraisal and attributes are in full accordance with the Building Regulations

I trust this information helps with the determination of the submitted planning application, and if you require any further information, please do not hesitate to contact me.

Yours sincerely

Eve Hearsey

Hi Bruce

This application is for a conversion of redundant farm building. A structural survey has been submitted. Can I have your observations please.

Thanks

Dear Miss Spencer

I attach the plan for an application I am submitting today at the Old Stables, Norton Lane, Norton, Aldingbourne. I have been having problems with my system, it seems that sometimes my attachments will not open on other systems. Please could you advise me if it will not open.

Yours sincerely

Eve Hearsey
