3 Description of Development

Roof extension with new staircase over single storey accommodation & single storey extension on west elevation.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to compliance with the conditions specified below.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans received on the 7th October 2014.

Location/Block/Site Drg No 14014/100 Rev A.
Proposed Floor/Elevations Drg No 14014/101 Rev A.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy GEN7 of the Arun District Local Plan.

- 3 The bathroom window on the east side elevation of the extension shall at all times be glazed with obscured glass.
- Reason: To protect the amenities and privacy of the adjoining property in accordance with policies GEN7, DEV19 of the Arun District Local Plan.
- 4 No windows shall be constructed at first floor level on the west side elevation of the extension hereby permitted without the prior permission of the Local Planning Authority on an application in that behalf.
- Reason: To protect the amenities and privacy of the adjoining property in accordance with policies GEN7, DEV19 of the Arun District Local Plan.
- 5 The accommodation hereby permitted shall be occupied solely for purposes incidental to the occupation and enjoyment of Caigers Cottage as a dwelling and shall not be used as a separate unit of accommodation.
- Reason: To accord with policies GEN7 and DEV19 of the Arun District Local Plan and to prevent the establishment of an additional independent unit of accommodation which would give rise to an over-intensive use of the site and lead to an unsatisfactory relationship between independent dwellings.
- 6 Development shall not commence until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority.
- The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, the recommendations of the SUDS Manual produced by CIRIA.
- Winter groundwater monitoring to establish highest annual ground water levels and Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage.
- No building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and to be retained in perpetuity.
- Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Council Local Plan.
- 7 INFORMATIVE: Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, care should be taken upon the commencement and during the course of building operations to ensure that no part of the development, including the foundations and roof overhang will encroach on, under or over adjoining land.
- INFORMATIVE: Statement pursuant to Article 31 of the Town and Country Planning (Development Management Procedure)(England) (Amendment No. 2) Order 2012. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

NOTES RELATING TO PLANNING APPLICATION
TOWN AND COUNTRY PLANNING ACT 1990

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the First Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

If this is a decision to refuse planning permission for a householder application and you want to appeal, then you must do so within 12 weeks of the date of this notice using a form which you can get from the Secretary of State, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or on line at www.planningportal.gov.uk/pes. Please note that if this decision is an approval with conditions and you wish to appeal against one or more of those conditions, you must do so within 6 months of the date of this notice. (Forms available at the same address above)

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
