

The following information has been taken from the environment agency Web site Flood risk summary for the area around:

**26, MEADOW WAY, WESTERGATE, CHICHESTER,
PO20 3QT**

Surface water

Medium risk

What this information means

Surface water flooding, sometimes known as flash flooding:

- happens when heavy rain cannot drain away
- is difficult to predict as it depends on rainfall volume and location
- can happen up hills and away from rivers and other bodies of water
- is more widespread in areas with harder surfaces like concrete

Lead local flood authorities (LLFA) are responsible for managing the flood risk from surface water and may hold more detailed information.

Your LLFA is **West Sussex council**.
