Dear Karen,

Further to our telephone conversation on Monday and your letter dated 15th October, please find attached the revised location and site plan as per our discussion with the amended blue and red areas.

I can also confirm that the proposed development site (in red) is c0.063 hectares and the combined site (red and blue) is c0.1 hectares.

The application submitted did include the information relating to the local validation checklist and the biodiversity checklist.

I can also confirm that the proposed development would be connected to the main foul sewer for waste and this is explained in the Design & Access Statement, already in your possession that was sent in as part of the application.

I trust this clears up the matters we discussed and thank you for your help.

Kind regards
Mark Norrell
