We feel, given the location only the V board can be supported. Which in itself contains two large adverts.

Thank you for the quick response.

Yes, I was requesting you amend the application to the correct address. Many thanks.

We thought that might be the reason for this proposed location. Given that reason we feel the v sign element of the application is acceptable but the flags are excessive and we could not support those on the grounds of visual amenity. Would you be willing to omit the flags from the proposal?

Hi Richard,

I think there has been some confusion. We are currently proposing the sign is to be located 'verge opposite The Hame, Hook Lane, Aldingbourne, PO20 3TE' as you have suggested in your previous email. The location plan indicates this.

I believe the application location also indicates this but the description suggests opposite Woodgate (which is incorrect). I am happy for you to change the wording if required. However, the submission details remain the same.

We have thought about placing the signage near/opposite the site entrance but due to large tree constraints and planned upgrade works in this area, this may cause more complications. The current position will be within eyesight of our entrance and be located within the verge adjacent to the planned footpath upgrade works. This will also be out of the way of the turning area of large delivery vehicles entering the site, during construction.

Please do not hesitate to give me a call to discuss further.

Thanks & Kind Regards,

Brad Slingo

Dear Mr. Slingo,

Thank you for the email.

Apologies for the delay in response on this.

Would it be possible to locate the adverts on the entrance to the main site where 'Oakdene' was?

Would you be able to allow us to change the location of the proposed adverts? I would suggest 'verge opposite The Hame, Hook Lane, Aldingbourne, PO20 3TE'.

Regards,

Hi Richard,

As I am aware the consultation period has not ended for AL/75/17/A, I would like to open a channel of communication with regards to the feedback currently received and Arun District Council's recommendations for the proposal.

If any changes are required to allow this to be consented, I am happy to discuss options, position, orientation and sizing of the advertisements.

I note WSCC highways have not submitted a detailed response and there are currently two objection logged. I understand one of the concerns is with regards to the application description/location and the location plan. Although the application form does state 'opposite Woodgate and 2 Hook Lane', this is perhaps an oversight from google and grid reference searches. The site plan, location plan and grid reference provided within the form are correct however.

Thanks & Kind Regards,

Brad Slingo
