Thank you so much for this Nicola
The proposed height of the Leylandi after they have been reduced will be 8m high.
There are 5 trees within the line of the hedge that need reducing.
Please let me know if you are able to re-submit this information.
My thanks again
Sarah

Subject: FW: Planning Incomplete Documents Returned IDR

Further to my answerphone message just now, I would like to know what is incomplete about my application given that I submitted the following online:

- Letter outlining the works from John Bentley tree surgeon at Arun Tree Company
- A plan of the location and trees
- Photos of the referenced trees

The email I received when I submitted my application said that you would contact me directly with any queries of if you needed more information. Instead I receive the attached letter saying it is incomplete.
I would be grateful for a call/email so that I can supply or understand what information is still missing.

Many thanks
Sarah
