

**ADC Planning Consultation
Conservation/Design Officer Response**

Application Number	AL/80/17/L
Address	Hook Place, Hook Lane, Aldingbourne
Description	Replacement of services within a Grade II listed building
Case Officer	Richard Temple
Date	17 August 2017

Hook Place is much altered and enlarged Grade II listed building, originally of the late 17th century. Provided the works do not involve the cutting of any historic fabric to accommodate new vents/pipes/ducts etc, replacement of the existing wiring, plumbing, sanitary ware and floor coverings does not require listed building consent and there is no objection in terms of Local Plan 2014 Policy HER DM1.
