Dear Sam,

I have reviewed this submission, and I can't see the Energy Plan which your covering letter refers to. I have double checked the downloaded portal files.

In addition, I note the presence of two water plans and that the letter refers to the discharge of the hydrant condition 22 however this was not referred to on the application form so has not been registered as part of the application. A separate discharge application for condition 22 will be required.

Kind Regards

Simon
