PO20 3TE

Arun Civic Centre
Maltravers Road
Littlehampton
BN17 5LF
For the attention of Mr S Davis Planning Officer.

Dear Sir

Re: Planning APPLICATION No.AL/83/16/OUT For 8 Houses on the field at Barnside

I strongly objection the above proposed development as it is a departure from the Arun development plan, the Aldingbourne Neighbourhood plan and the Arun policy of protecting the countryside outside the settlement boundary.

I fully realise the need for housing but the situation of the proposed site are opposite the proposed Hallam development site and would create a dangerous environment with the entry/exit just off set from each other, and will cause no end of problems to Hook Lane and its residents.

The site in question has been prone to flooding quite often in the past as are various parts of Hook lane .More building with the use of tarmac, concrete etc will only make this worse.

The proposed buildings fronting onto Hook lane have no provision for cars etc to park I.e. Visitors, tradesmen etc. As the buildings will be almost opposite the entrance/ exit to the Hallam site .This could end up Restricting the movement of traffic on Hook lane.

Walking, cycling, dog walking and horse riding I fear will become a thing of the past .

The access to the A29 will be greatly restricted with yet more vehicles.

Please I ask you to reject this unsustainable proposed development.
