Planning Application AL/83/16/OUT formerly AL/8/16/OUT

I wish to strongly object to this renewed planning application under appeal. We, in Hook Lane, are undergoing an assault by a 'convoy' of lorries going backwards and forwards to the building site almost opposite this new proposed site. The mess is horrendous, the mud is awful and the constant noise is very disruptive to living in Hook Lane at the moment. This will not get any better when the houses are built and people move in with their cars etc., adding to the amount of traffic already using Hook Lane.

I strongly objected to this development BUT we are stuck with it. I do not want another building site in Hook Lane. The Lane cannot cope with the additional traffic another development will mean. The new development is already causing even more flooding in Hook Lane and this would increase if the other development goes ahead.

The proposed development falls OUTSIDE the built up area and, therefore, should not be considered.

The proposed development falls OUTSIDE the existing local plan so what is the point of the government giving 'the people' the option of sensibly putting together a local plan if the local Council then ignore it.

Please do not agree to this development. It will become another blot on our diminishing countryside and the Lane cannot deal with even more development.

Regards,

Wendy Corney (Mrs)
