Dear Amber Willard

With regards to planning application AL/84/21/PL, I have attached two photographs from our property, in support of my objection, to help show the scale and location of the Dormer and Velux windows that were accidentally installed by the builder in contravention to the approved planning permission and which retrospective permission is being sought under AL/84/21/PL (in conjunction with numerous other variations). It should also be noted that although these pictures are taken from our garden the Dormer window is visible from multiple rooms from within our property.

Yours Sincerely
Andrew Collingridge.
