Dear Ms Moore

Re: Mildmay, Hook Lane, Aldingbourne, PO20 3TE

Further to the letter dated 1st July 2021, as advised by email previously, I sent on 23rd July 2021 the details sought in that letter. I once again present these details and would ask that the Application is now validated.

Can you please note that in connection with the requirement to provide a Statement relating to Foul Water we attach Southern Water's details which shows the line of the main sewer which runs immediately outside of Mildmay. There is an existing connection, and the new property will be utilising this existing connection.

As previously followed these matters can be covered by a Planning Condition.

Yours faithfully

K L FOLLS
