Dear Suzanna

Further to our previous responses on this application, Network Rail has had discussions with the applicant and their transport consultants. Due to wider improvements, it has been agreed that the development will result in a low level of usage of the crossing by pedestrians and the details of this are set out within the updated Technical Note provided by the applicant. Network Rail therefore will lift our objection to the development following the discussions and is content for the LPA to determine the application.

Network Rail will continue to monitor safety and usage of the rail crossing

Best Regards,

Craig Hatton MA MRTPI
