25th January 2016

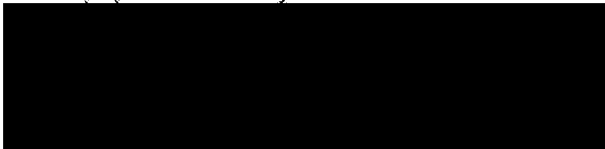

To whom it may concern,

I can confirm that my name is Paul Willard and that my Father (Jack Willard) lived at Keymer Cottage in Hook Lane Aldingbourne from 1977 to around 1995

The land edged red on the rough plan attached to this statement and referenced by title number WSX147939, was transferred to me by my Father in 1989, it remained in my family ownership until, it was sold to Andrew Smith in 2013

The land had formed part of the garden to Keymer Cottage and had been used in this regard for many years. My Father kept chickens which were housed in a chicken run located on the land and during my ownership, the grass was cut and the boundary hedges & fences within the garden area were maintained by me, on a regular basis up to the date of the sale to Andrew Smith.

Yours Sincerely

Paul Willard
