Subject: AW/105/21/A - Proposals at 97 Aldwick Road, Aldwick, PO21 2NY

Good evening Nicola,

Thank you for your email and please see my responses in blue below;

Location Plan - The red edge does not appear to be around the whole site. Please amend accordingly and re submit. The OS plan is at odds with our site measurements, hence the red line shown is on the location plan is based on this. As the works only affect this area we had elected to exclude any 'grey area' from the red line drawing. Please therefore use the drawing provided.

The application form has been completed as 2 signs, however, the Proposed Front Elevation shows 3. Please confirm if the existing sign to be replaced is to be included in the description.

I can confirm that the existing sign is to be maintained and amended as described, please include this within the description.

Please do not hesitate to contact me if you have any further queries.

Kind regards,

Tom
