Hello Mrs. Johnson,
Thank you so much for your prompt reply to our message. I confirm that the description you have given is correct. Thank you too for validating the application for the felling of the Coneaster Tree.
Please do not hesitate to contact us if you need any further information.
With kind regards,
Dr. N. A. and Dr. E. B. Ingram

Subject: FW: Further Information Required on Your Ref: N/A Our Ref: AW/109/14/T

Good afternoon,

I have taken your email and come up with the description below:

'Fell 1 No Irish Yew tree, crown reduction of 2.5 metres, lateral reduction of 1.5 metres and remove reverted green suckers to 1 No Golden Holly tree and 1 No Silver Holly tree. reduce 2 No Irish Yew trees by 1 metre and prune back one limb to 1 NO Magnolia tree by 2 metres'.

Please confirm if this is correct.

I have included the Coneaster Tree in the Tree in a Conservation Area application (AW/120/14/TC), which I have emailed you to say I have validated the application.

Thank you for clearing up the confusion.

If you have any questions, please do not hesitate to contact me.

Thank you,
Mrs Johnson

Dear Mr. Roberts,

Thank you very much for your letter dated 15th April, 2014 concerning the application for Works to Tree(s) at Speedwell, 53 Kingsway, Craigweil.

From your letter, it is clear that the description of the proposed works needs some clarification, and I hope that the following will be helpful.
We have taken over a garden which has had no attention for some twenty years at least, and was completely overgrown with brambles, ivy, unpruned hedges and shrubbery and a few unpruned trees. Following discussion with the Day Duty Officer at the Planning Department, detailed discussion with John Bentley, Tree Surgeon, whose report was attached to our application, and careful perusal of 'A Guide to Tree Preservation Procedures in Conservation Areas', we have now had much of the undergrowth and overgrown shrubbery cut back or cleared, including the small pyrocantha, young self-seeded ash, self-seeded elder, rambling rose, self-seeded rhodendron and bays, as these were all overgrown shrubs and/or young trees of a diameter of less than 7.5 cm. or dead.

We do, however, require permission for work to the following trees:

a. Fell and remove 1 x Cotoneaster Tree (Item 7 on attached sketch in back garden, close to building);
b. Fell and remove 1 x Irish Yew on Front West boundary (Item 5 on attached sketch, by front corner of house);
c. Reduce and reshape the Golden Holly and Silver Holly on the back boundary by one third. Crown reduction of 2.5 metres and lateral reduction of 1.5 metres. This will involve removing the reverted green suckers. (Both are Item 9 on the back boundary in the attached sketch).
d. Reduce the 2 x Irish Yews by 1 metre (also Items 9 on the back boundary in the attached sketch).
e. Prune back one limb of Magnolia in Front Garden by 2 metres (Item 4 on attached sketch), as this impedes access to the driveway.

I confirm that in the front west boundary border (labelled 5 on the attached sketch), there was only one tree, the rest being an overgrown hedgerow mainly of holly, privet, hydrangea and other hedging shrubs (see attached photographs). This has now been

ARUN DISTRICT COUNCIL AW/109/14/T

reduced, at the request of our neighbour. The tree is the Irish Yew noted in Item (b) above. It is close to the corner of the house and impedes access to the back garden.

We hope this has made our request clearer, and that you will now be able to proceed with the application. Please let us know if we can help further, and thank you for all you are doing.

Yours sincerely,
Nigel and Barbara Ingram
