Categories: Green Category

Dear Ms Eggington

With reference to your letter of today's date, I can confirm the additional information you require as follows:-
Block Plan.

The distance from the front of the side extension to the front boundary is 12 metres.

The distance from the face of the rear extension to the rear boundary is 9.7 metres.

Carport

There is already an existing carport on the side of this building which the new side extension will be constructed over maintaining the existing carport space. Therefore the answer to question 8 on the form is correct.

I trust this information will be sufficient for the application to be processed, but please let me know if there is any further information you require.

I look forward to hearing from you in due course

Best regards

Alan Unsted
